

CERTIFICATE

253 2602 51A

Tests according to EN 253:2019

for

**Bonded single pipe system for
directly buried hot water networks
from DHP District Heating Pipes Kft.**

Order from

DHP District Heating Pipes Kft.

Test specimen No 6036

Factory made pipe assembly DN 50/125 from regular production

Report 1909_5623A

From January to February 2026, tests were carried out at the FFI on the above-mentioned test material to determine the thermal insulation properties of polyurethane foam (PUR) and the pipe assembly in accordance with European standard EN 253:2019 in conjunction with the Euroheat & Power guideline EHP 001/2024.

**The bonded pipe system from DHP District Heating Pipes Kft. complies
with the tested requirements according to EN 253:2019.**
